Fire At Milwaukee Destroys Western Newspaper Union and Hotel Adjoining

LANDLORD AND OFFICER

Awaken Two Score of the Guests and All Were Compelled to Flee for Their Lives—Property Damage is Estimated at \$200,000.

(Associated Press Telegram) Milwaukee, March 19.—Guests of the Windsor Hotel, numbering nearly two score, were compelled to flee for their lives early today when a fire which broke out in the plant of the Western Newspaper Union, in the south portion of the building, burned out the four-story structure.

Charles Sandberg, lessee of the hotel declared that every guest of the hotel got out safely.

The property damage is \$200,000. The job department of the Evening Wisconsin, an afternoon paper whose building is next to the hotel, was damaged by smoke and water and the basement containing the printing press was flooded.

The Western Newspaper Union's loss is estimated at \$40,000 and that of the Milwaukee Printer and Roller company at \$20,000. The loss on the hotel building is \$40,000.

The rest of the damage was sustained by several firms in the burned buildings and those adjoining.

Breaking out in the stillness of the morning the fire caused excitement among the hotel guests.

Waking from sleep by the cracking of a window pane, Louis Toby, sleeping on the second floor of the building shouted "fire." Guests were soon scurrying for safety clad in night attire. The barking of a dog aroused Sandberg, the hotel keeper, and he and a policeman went through the halls smashing in doors where the guests failed to answer knocks.

Patrolman Wilke was the last to emerge from the mission of awakening the guests. He said the guests had evidently all been awakened and managed to get out.

EXTENDED TEST OF MUSIC CURE FOR INSANITY

(Associated Press Telegram) Kankakee, Ill., March 19.—Music as a cure for insanity is to have a more extended test in the eastern Illinois state hospital for the insane than has ever before been attempted in the institutions of the state. The plan is an advance on previous music cures in which the patients were mere listeners. It is intended that the patients shall be the musicians.

Instruction and coaching in music will be given and patients who are capable of it will be encouraged to undertake the teaching of less advanced students.

Three heats and a semi-final will be raced each night, the winner of each semi-final qualifying for the professional grand final next Wednesday night.

Fire In Business Section Of Sidney, O., Early Today Causes a Loss of \$250,000

(Associated Press Telegram) Sidney, O., March 19.—Fire which was discovered at 2:10 o'clock this morning, destroyed four three-story buildings in the business section of the city and damaged several others, entailing a loss estimated at \$250,000. The flames had gained such headway when discovered that it was nearly three hours afterward before they were controlled by the firemen.

There was no loss of life. The business houses destroyed are Thebeck's department store, De-weese department store, owned by the Green-Joyce Co. of Columbus, the Henry Young & Son clothing store and the H. Liberman dry goods store.

The fire started in the Thebeck department store and within an hour the walls of the building had col-

Armed Robber Holds Up the Night Clerk Metropole Hotel At Detroit and Secures \$350

(Associated Press Telegram) Detroit, Mich., March 19.—An armed robber held up W. H. Burns, night clerk in the office of the Hotel Metropole, nearly opposite the City Hall, early today and compelled the clerk to hand him \$350 in cash. The robber then leaped into a waiting automobile, pressed a revolver against the head of the driver and ordered him to speed toward the suburbs. He left the machine about three miles from the downtown district and escaped.

The bandit, who was dressed in a fur-lined overcoat and soft hat, as he left the automobile said to the driver: "I just missed a \$5,000 job in Chicago, but this will help to make up for it."

In many respects, say the police, the robbery was similar to the one in the Briggs house in Chicago yesterday. The driver of the automobile, Robert Smith, said he had picked up the passenger at the Hotel Cadillac, a large downtown hotel where the man had registered as James B. Foran of Buffalo. After leaving the Cadillac the driver was told to stop at the Hotel Pontchartrain, a prominent hotel adjoining the Hotel Metropole. After stopping there however he was told to drive on to the Metropole and the robbery took place.

BIRTHDAY OF POPE PIUS IS CELEBRATED

PONTIFF CELEBRATES MASS AND DICTATES ANSWERS TO CONGRATULATIONS

Which Poured Into Him From Every Part of the World—In Excellent Health.

(Associated Press Telegram) Rome, March 19.—"This is a salute for my name day," exclaimed Pope Pius, when he was awakened early today by a terrific storm accompanied by vivid flashes of lightning and loud peals of thunder.

His Holiness shortly afterward celebrated mass in the presence of several specially invited guests, including his sisters and a niece.

The audience then began and a fatiguing day's work for the Pontiff ensued, although every function was cut to as brief a period as possible. All the corps of guards celebrated the occasion in some way—either by illuminating their quarters, or giving a display of fire works. During the changing of the guard the bands played and the colors of the various companies were unfurled.

Hundreds of telegrams and addresses of congratulation were received at the vatican from all parts

of the world, many of them coming from the United States. The pope himself dictated the replies in several cases personally. His Holiness appeared to be in excellent spirits.

Mr. Poling's neighbor, revealed the fact that his wife was also missing. Police were notified and learned that the two bought tickets for Van Wert and left Lima together.

MYSTERY REMAINS UNSOLVED

Fifteen City Detectives Confess They Cannot Solve Boy's Disappearance

REWARDS ARE OFFERED

For Any Information Regarding 7-Year-Old Warren McCarrick—Country-Wide Search Instituted by Father and Friends.

(Associated Press Telegram) Philadelphia, March 19.—The mystery surrounding the disappearance of 7-year-old Warren McCarrick is today as complete as when the boy was last missed from his home a week ago.

An almost ceaseless search by his father, assisted by his friends, boy scouts and the entire police force of this city and the surrounding country has failed to reveal a single definite clue as to the missing boy's whereabouts or to give an inkling as to his probable fate.

Fifteen of the cleverest detectives in the local service who have been detailed on the case were obliged to confess today that they were no nearer the solution of the problem than when they were first engaged to unravel it.

Varying theories are advanced to account for the boy's disappearance. Those who believe he has been kidnapped for a ransom point to the fact that while the child's father is not wealthy, his grandmother, who was much attached to him is a property owner.

Other investigators are firm in the belief that the boy met with an accident and was killed in such a way that his body cannot be found. Other theories advanced are that he was taken away and possibly killed by a degenerate, and possibly that he was kidnapped by gypsies.

Photos and descriptions of the missing boy have been sent broadcast and it is proposed to utilize the moving pictures in an effort to secure some clue. A reward of \$1,000, has already been offered for his return and city council was asked today to offer \$5,000.

MRS. WILSON

ON ROAD TO COMPLETE RECOVERY FROM EFFECTS OF A FALL ON WHITE HOUSE FLOOR

(Associated Press Telegram) Washington, March 19.—Mrs. Woodrow Wilson was well on the road to complete recovery today from the effects of a fall over a railing at the executive office said her injury was an external one of no seriousness and that she would be out again attending to social engagements in a day or two.

White House officials said today that Mrs. Wilson had undergone a slight operation to correct the effects of the bruise which resulted from her fall but they said it was entirely a local one. They denied that social engagements cancelled by members of the family yesterday were on that account.

"I suppose a man can get used to anything," said the bachelor. "Yes, even to being married," sighed Henpecke.

Shoots Brother's Wife And Commits Suicide; Motive Is Not Known

UNITED STATES WILL LISTEN TO PEACE PROPOSALS

(Associated Press Telegram) Washington, March 19.—While no official word came to the White House today of the reported purpose of General Huerta to reopen parleys with the United States by sending his minister of foreign affairs, Joseph Rojas to Vera Cruz to confer with John Lind, administration officials indicated a willingness to listen to any new proposals for a peaceful settlement. They seemed to attach much importance at this time to the outcome of the impending battle at Torreon which is expected to mark a critical turn in the strength and prestige of the contending factions.

When the exchange of notes between Senator Gamboa and Charge O'Shaughnessy and John Lind was concluded last autumn, the attitude of the Washington government was firmly established as opposed not only to the recognition of Huerta but any successor of his choosing.

The Washington government has been mindful that a peaceful settlement in Mexico depended not alone on the choosing of a man to whom diplomatic recognition might be extended but that it was equally dependent on the attitude of the constitutionalists who have announced their unwillingness to compromise with the Huerta group.

Should the constitutionalists be defeated at Torreon, it is within the range of possibilities that the whole situation may be changed and a compromise candidate agreed upon. Speculation in official circles was not based on any definite information and news of the visit of Rojas to Mr. Lind was eagerly awaited.

NEWS EMBARGO ESTABLISHED IN INTERIOR

(Associated Press Telegram) Mexico, March 19.—The ban on news from the interior remained firm today. Indirect information indicated that there had been no fighting of consequence during the last few days.

General Villa in his official advisers did not make known his plans, or what was occurring to the north of Torreon.

It was explained that the absolute embargo on news by train and telegraph had been imposed in order to prevent the Torreon garrison from learning of the insurgent troop movements.

Steve Ferenczy Fires Two Bullets Into His Own Breast After Wounding Mrs. Mary Ferenczy At Early Hour Today

NO WITNESSES TO TRAGEDY IN THE FOREIGN COLONY

Woman Victim Married Rudolph Ferenczy on the Same Day That Divorce Was Granted—Domestic Life Said to Be Happy—Husband Had Just Gone to Work at Bottle Factory Short Distance Away—Woman May Live.

"She ought to know who she loves," are the only words giving the police department a clue to the cause leading up to the shooting of Mrs. Mary Ferenczy, 26, wife of Rudolph Ferenczy by Steve Ferenczy, 24, brother-in-law of the injured woman. The shooting occurred Thursday morning between 5:15 and 5:30 o'clock in the kitchen of the Ferenczy home in the Everett flat building in Case avenue.

The assailant died at the City Hospital at 8:45 o'clock from self-inflicted wounds.

According to the best information obtainable, no quarrel preceded the shooting, and it was done deliberately. Steve fired one shot at Mrs. Ferenczy, the bullet entering back of the right jaw, and passing through the left cheek. It is the belief of the police department that he tried to fire another shot at the woman as two unexploded cartridges bore the dent of the firing pin in the percussion cap.

After shooting the woman, Ferenczy turned the weapon on himself and fired twice. One bullet entered the breast just above the left nipple and passed entirely through his body. The second bullet entered a few inches from the left shoulder and also passed entirely through the body. Both missiles passed through the lungs and the man's death was due to hemorrhage of the lungs.

The shooting caused much excitement among foreigners living in the neighborhood and it has been difficult for the police to gain much information on the subject.

According to a story related to the Advocate by a Hungarian who has known the two Ferenczy boys since they came to Newark several years ago, Steve went to his brother's home shortly after the husband had gone to work at the factory.

Mrs. Ferenczy told friends that the man stepped into the kitchen, said "good morning," and walked over to the stove. He stood there for a minute, apparently warming his hands.

Without further words he pulled the revolver from his pocket, reached his arm around Mrs. Ferenczy's neck, held the muzzle close to her head and pulled the trigger.

Mrs. Ferenczy ran screaming from the room and can relate nothing more regarding the shooting. Friends who heard her scream rushed into the halls and hurried to her. She staggered back into the kitchen and

fell to the floor, where she was found by several other women a moment later.

When the women entered, Steve was seated on a couch in the kitchen holding the revolver listlessly in his hand. As the women entered he said, "She ought to know who she loves," and sank back on the couch in an unconscious condition. The pistol slipped to the floor.

As quickly as possible police headquarters was notified and the patrol wagon in charge of Wagonman Donley and Driver Finger hurried to the scene. Realizing that prompt action was necessary, the officers summoned Bazler & Bradley's ambulance and the injured man was rushed to the city hospital. The patrol wagon followed soon afterward, with Mrs. Ferenczy.

Officers took into custody Mary Oris, Rudolph Ferenczy and one or two other foreigners who were present when the patrol wagon arrived. They were held but a short time until the police investigation showed that none of them had anything to do with the tragedy.

Dr. Knauss and Dr. Stedem attended the man and woman. It was found after an examination of Steve's wounds that his death was only a question of a short time. Mrs. Ferenczy's condition was not so serious and it is possible that she will recover.

Steve Ferenczy has borne a good reputation among his fellow countrymen. (Continued on Page 12, Col. 4.)

CHILDREN OFFICIALLY KNOWN AS NEGROES DECLARED WHITES

(Associated Press Telegram) New Orleans, March 19.—Eight children of Mrs. Camille Monroux Prados, heretofore known officially as negroes were officially declared white persons yesterday after a long court fight, during which sensational charges were made. Each of the eight full adults, were registered by the city board of health as negroes when born. Church records showed them to be white.

Mandamus proceedings were brought to compel the health board to declare them white. During the court proceedings, attorneys charged the church records had been altered.

The first ancestor of whom there was record came here in 1786 and married a white woman. He was of latin origin and his complexion was dark. The Prados family declares that is the reason the family officially has been called negroes.

Licking county candidate in the race for the vacancy on the bench of the District Court of Appeals which will be occasioned by the expiration of the term of Judge R. M. Voorhees of Coshocton. Nominations will be made at the coming primaries, and the movement to have a Licking county nominee was launched Thursday morning.

A committee of attorneys of the Licking County Bar association, consisting of J. R. Fitzgibbon, R. F. McDonald and A. A. Stavel, was appointed Thursday to engineer a scouting expedition having as its object the unearthing of a likely candidate who would be willing to accept and who would enter the race to win.

In a more or less uncertain way there has been agitation for some time looking toward local representation on the Court of Appeals, and the assumption of definite shape to the movement at this stage of proceedings looks like there would be something doing.

Licking county is abundantly supplied with a wealth of good judicial material, it is argued, and the principal question seems to be ability of the barristers to enter upon one candidate who would accept the candidacy for nomination and who would enter as actively into the campaign as would be in keeping with judicial prudence and dignity.

There are at present three known candidates for the place of Judge Voorhees. The retiring Coshocton county member of the Appellate court was nominated and elected in 1908, and has served with general satisfaction to litigants and attorneys.

The candidates already said to be in the field are Judge W. E. Waggoner, of Wooster, Attorney L. R. Houck, of Mt. Vernon, who was secretary to Governor Patterson, and Attorney Kuntz, of Zanesville.

There are 15 counties in this district. Licking, Muskingum, Coshocton, Wayne, Starke, Tuscarawas, Ashland, Richland, Knox, Morrow, Holmes, Delaware, Fairfield, Perry and Morgan.

The local committee will report its finding at the meeting of the Bar association to be held next Saturday.

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. Guaranteed Attraction at Auditorium Tonight.

Hey there! Take your hand off your watch and the other off your money! You needn't watch them! The curtain's down and all the thieves are back there. Anyway, it's all play. They really aren't thieves, you know. It is said that the illusion is so perfect in "Stop Thief," which Cohan and Harris will present at the Auditorium tonight, that half of the audiences which have seen the play really do feel unconsciously for valuables, while the other half think of calling for the police. And when a play of any sort creates that illusion, the chief end of dramatic art has been attained. When you add that the play is a farce, you have an idea of how funny it must be, for the closer to the truth the basis of a farce is set, the funnier it is.

Messrs. Cohan and Harris have given the farce a realistic and costly scenic environment, and the many beautiful gowns exhibited are worthy of more than a note of praise.

"The Girl of My Dreams."

Of "The Girl of My Dreams," the new musical offering which comes to the Auditorium theater Friday night, March 20, it is claimed that never has an author enveloped the here-and-now with the grace of other days as Wilbur D. Nesbit and Otto Hauerbach in this delightful play, a comic opera in two acts.

Never in any play has such a keen sympathetic understanding of the girl heart been shown. It is the story of a present day adventure mingling enterprises and love, and carrying throughout an interesting courtship of delightfully human people.

There are a score or more of musical numbers, written by Karl Heschka who wrote the music for "Three Twins," "Bright Eyes," "Madame Sherry" and "Doctor De Luxe." All of them are characterized by a marked strain of originality which is not always present in the musical offerings of this day, the most popular and catchy being "I'm Ready to Quit and Be Good," "Quaker Talk," "The Letter You Shouldn't Have Sent," "The Story of a Marionette," "Dear Little Games of Guessing," "O-o-h" (May be It's a Robber)," "Girl of My Dreams," and "Doctor Tinkle Tinkle."

Two Great Features Saturday.

On Saturday, the Auditorium has two great features namely "Mary Magdalene" and Sir Walter Scott's great classic "The Bride of Lammermoor." Both of the wonderful pictures are produced by the famous Kennedy Feature Film Co., that has earned quite a reputation in the East.

The former picture is a biblical story, depicting the life of that well known character. Her story is known to all Bible students, for her mental, as well as moral healing, has been a salvation to many unfortunate since. Judas Iscariot, Pontius Pilate, Caiaphas Peter and "The Master" are all shown in his wonderful three reel feature.

"The Bride of Lammermoor" is a wonderful romance and is Sir Walter Scott's masterpiece. What is considered the most wonderful scene ever shown in moving picture is the disappearance of Edgar in quick sand.

Mr. Rainey's African Hunt Pictures.

Reel 1. The Sahari Hunt of Expedition.

Reel 2. Trapping the Hyena. Mr. Tarleton's Farm.

Reel 3. Ostrich Farm. The Leopard Hunt.

Reel 5. Various Wild Animals. Killing the Rhino.

ters on horseback; they locate the scent and start off at top speed; exciting chase; lion finally brought to bay in thicket. At Auditorium Sunday.

Primrose and Dockstader.

The plaintive southern songs with their strange mixture of melody and pathos have a prominent place in the big spectacular revival of old time minstrelsy which Messrs. Primrose and Dockstader, the reunited veteran minstrel stars are presenting this season. The attraction is booked to appear at the Auditorium Wednesday, March 25th. After a separation which had existed for nearly ten years, Messrs. Primrose and Dockstader decided to pool their interests and to present to the theater goers a big review of minstrelsy, showing its origin, development and triumph. This arrangement was entered into last season. The success of the revival and reunion was instantaneous. Every city visited greeted these well-known minstrel stars with capacity audiences. The supporting company this season is said to be of the all-star variety. Prominent among the assisting artists are the Six Musical Brown Brothers, who are said to be the greatest in their line on the American stage; Raymond Wylie, the phenomenal male soprano; the four Four Meteors, and exceptionally brilliant coterie of vocalists; Foley and Murphy, America's most graceful soft shoe dancers; "Happy Jack" Lambert, and many others of equal distinction.

DES. B. KIRK IS ENJOYING GOOD HEALTH

Wednesday evening a sensational story was published in a Newark paper other than the Advocate, stating that Des B. Kirk of Erie, Pa. formerly of this city, was at death's door and not expected to live. Knowing that one of Mr. Kirk's intimate friends in this city had received a letter from the former Newark newspaper man but a few days before but little credence was given the story by his friends. A telegram to Erie by Warner "Cupid" Devos brought the following response from Mr. Kirk: "Am not sick, haven't been sick, don't intend to get sick, Des."

A private message from Mr. Kirk to one of his friends in the Advocate office states that he cannot conceive how the report of his illness gained credence as he has not had a day's sickness since going to Erie a year ago and that he has enjoyed exceptionally good health working regularly and eating three meals a day. Mr. Kirk says: "If you could see how fast I am gaining in weight you would know that there is no cause for a physician's services. I hope to drop in on you one of these days and prove that I am still in the flesh and hope to be for some time to come."

THROW AWAY YOUR EYE-GLASSES!

A Free Prescription

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain, or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "It was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used to be a nervous, tearful, tired, hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and without their eyes being able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many kinds may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of (Cottol) and a two ounce bottle of water. Drop in one (Cottol) tablet and allow to dissolve. With the liquid, mix up your eyes for four times a day. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly subside. If your eyes are bothering you even a little, take steps to save them now before it is too late. Many perfectly blind men have been saved. They had cared for their eyes in time. Advertisement.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sassa Tea and Sulphur and nobody will know.

The use of Sassa and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of Wyeth's Sassa and Sulphur Hair Remedy, you will get this famous old recipe which can be depended upon to restore your natural color and beauty to the hair. It is splendid for dandruff, dry itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or wet brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Ask at Hall's drug store.

Mr. D. C. Jewett, who has been here for several days, stopping at the Sherwood, leaves for his home in South Dakota tonight. Yesterday's Advocate under the caption "Quarter of a Century Ago" noted the departure of Mr. Jewett for South Dakota. That was his initial trip and he did not realize that he was here celebrating the "silver anniversary" of his location in the west until he

picked up last night's Advocate and read the item referred to. Though Mr. Jewett has been away from Newark for 25 years he returns each year for a short visit. He is really still a Newark man. He is a daily reader of the Advocate and is an enthusiastic member of the Newark Board of Trade.

WOMAN COMES TO NEWARK; IS SERIOUSLY ILL

A woman who came to Newark from Wheeling Wednesday afternoon on B. and O. 103 and it was soon seen that she was very ill. Ticket Agent Frank Bartholomew asked Dr. H. H. Postle, who happened to be available, to look at her, and he pronounced her very ill, and in need of immediate medical attention.

The woman was a foreigner, and her husband who works in the American Bottle Company factory, was notified of his wife's serious condition, but could not, or at least did not, make an appearance at the station, and the woman was sent to the Newark Sanitarium in the Clinis & Martin ambulance.

In the evening Chief Sheridan located her husband, who lives in Case avenue, and he agreed to take his wife home and care for her.

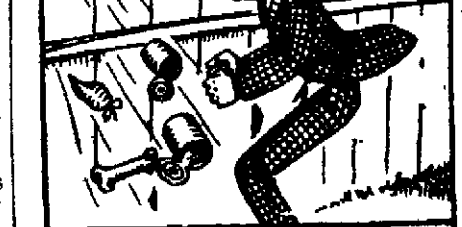

From what was understood by those who talked to the woman, she had been in a sanitarium for consumptives in Wheeling, and was pronounced incurable. Her husband was notified but did not go to get her and she came on alone.

Chicago Grain Situation.
 (Associated Press Telegram)
 Chicago, March 19.—Corn today took on fresh activity and strength. Big cash sales were reported at Kansas City, and commission houses were generally on the buying side. Pit speculators, however, seemed to the belief that a reaction was in order and the relatively slow spot demand. Stoppage of the rains in Arkansas also acted as a check on the market. Higher, and there was some gain but then the market inclined to ease. Wheat: The national supply of moisture was good with heavy crop estimates. The market was firm for Kansas and Nebraska. Prices were off to a shade around noon and closed lower. Demand for corn was not well held. Around noon and closed lower.

O'SULLIVAN ASKS A SMALL FORTUNE FOR HIS WHISKERS

(Associated Press Telegram)
Washington, March 19.—What is the real value of a beard? That is the novel question which the learned justices of the Supreme court have been asked to determine.
The case in point is that of E. A. O'Sullivan, aged about 35, and a prominent Louisiana lawyer, who placed a value of \$60,000 on a growth of his beard. O'Sullivan, who was district attorney, state secretary and district attorney of New Orleans, claimed that he was forcibly deprived of his hirsute adornment on election day in November, 1908. On that day, he asserts, Paul Felix, a justice of the peace of the Parish of Jefferson, La., and William W. Stiles, a deputy sheriff conspired to prevent Anthony Magliore, Michael Christien and a number of others from voting. O'Sullivan claims he went to the polls to advise about the conduct of the election. He asserts that a number of men imported to the election place by Felix, seized him and tied his arms to his side. Then, he claims Stiles seized his beard and, with a pair of shears, cut it off. In the scuffle O'Sullivan released one of his hands which was cut on the scissors. In consequence of the ill treatment and humiliation he suffered, O'Sullivan brought suit in 1911 for \$60,000 damages under the federal rights act.
He waited until his assailants had been convicted of assault before suing for damages. Felix and Stiles now claim that the suit for damages was barred by the one year Louisiana statute of limitations. The Louisiana courts so held, but O'Sullivan has brought the case to the Supreme court on the ground that the state statute of limitations has no application to a suit arising under a federal statute.

REMARKABLE ENDURANCE OF TRAIN RIDER

(Associated Press Telegram)
Buffalo, N. Y., March 19.—Weak from loss of blood and exposure and probably on his death bed, Frank Kulinski, 26 years old of Chicago today told a story of intense suffering and remarkable endurance.
Kulinski was found late last night, one leg pinned between the drawheads of two cars on a fast freight train and his head hanging downward until it touched the frozen roadbed. It was first thought he was dead, but after being lifted from the car he showed signs of life and was taken to a hospital.
The man said he left Chicago on Saturday to beat his way to New York. Yesterday afternoon he got on a freight train at Cleveland. Standing on the narrow platform back of one of the cars, he was exposed to the full force of the wind off the lake.
On hearing Buffalo when the train slackened speed he attempted to shift his position, and lost his foothold. One of his legs was caught between the drawheads. The jolting of the train shook him loose and he fell head downward with his leg still pinned between the drawheads.
His plight was discovered by a trainman just as he was being dragged across the ties.

HIGH SCHOOL MINSTREL WILL MAKE GREAT HIT

The High school minstrel show which is to be presented on the evening of March 26 and 27 will be the third of these productions given by the High School Athletic Association and will be the best and the biggest that has ever been given by the association. From this it can be taken that this year's show will be superlative as all the other shows presented by the association have been big hits.
Early in the morning of the school year Prof. Klopp selected the boys who are to participate in the show and has been drilling them ever since. All new songs have been secured and the chorus and the five acts of vaudeville are ready to go on the stage.
The tickets are now on sale and can be secured from any of the high school students. Tickets will be reserved at Erman's Drug Store at 3 o'clock of the afternoon of March 24. A special matinee will be given exclusively for the grade children on the 26th.

HAD BEEN UNDER RUINS FOR THE PAST 37 HOURS

(Associated Press Telegram)
St. Louis, Mo., March 19.—His calls for a drink of water early today led to the rescue of Thomas Burke from the ruins of the St. Louis Seed company's building, 37 hours after the structure collapsed under the weight of a fallen wall. The seed company's building was demolished Tuesday afternoon when one of the walls of the Missouri A. C. building fell on it. The Missouri Athletic Club building was burned ten days with a loss of 30 lives.
Rescuers who had been digging in the ruins all night were working to extricate the body when they were startled by Burke's call for help. After the force of 30 men had worked for half an hour they found Burke pinned under a section of flooring. He was taken from the ruins and rushed to the city hospital where he was treated for injuries to his feet.
Near Burke was found the body of an unidentified man.
Burke died at the hospital several hours after being taken from the ruins, making seven victims who have been taken from the ruins.

MONEY SAVED BY MAKING YOUR COUGH SYRUP AT HOME

Takes But a Few Moments, and Stops a Hard Cough in a Hour.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and fill it up with the sugar syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly. You will find it one of the best cough syrups you ever used—even in whooping cough. You can feel it take hold—usually conquers an ordinary cough in 24 hours. It is just laxative enough, has a good tonic effect, and the taste is pleasant.

It is a splendid remedy, too, for whooping cough, spasmodic croup, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of Norway white pine extract, rich in quaiacol and other healing pine elements. No other preparation will work in this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more homes than any other cough remedy. The plan has often been imitated but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

THOMAS IS MADE PRESIDENT OF CHICAGO CUBS

(Associated Press Telegram) Chicago, March 19.—Charles H. Thomas, former secretary of the Chicago National League baseball club today took up the duties of President of the club. Thomas was appointed president of the Cubs yesterday, after Charles P. Taft announced he would retain his controlling interest for at least a year. Charles W. Murphy, who sold his holdings to Mr. Taft and who thereby relinquished the presidency announced that he would go on a fishing trip, but otherwise would not make known his plans. Charles Schmalz, who was appointed club secretary, will maintain his headquarters in Cincinnati for a time, it was announced.

Mr. Taft decided to retain his interest in the Cubs after negotiations with several Chicago syndicates failed to result in a sale. He returned to Cincinnati last night after looking over the Cubs ball park.

FIREY DEBATE IN PARLIAMENT OVER HOME RULE

(Associated Press Telegram) London, March 19.—It is officially declared that there is absolutely no truth in the statement made today by the Globe that warrants have been signed for the arrest of Sir Edward Carson and other Unionist leaders.

Sir Edward Carson, who was formerly conservatory solicitor general, has always been one of the most fiery opponents of home rule for Ireland. On several occasions he has stated that the people of Ulster would refuse to recognize a parliament in Dublin. In September last year, in the course of a speech to the "Ulster volunteers" he said:

"We have the pledges of some of the greatest generals in the British army that they will come over and help us keep the old flag flying when the time arrives."

When Sir Edward Carson and Joseph Devlin, National member for Belfast, entered the house the atmosphere became heated. The Ulster leader called Mr. Devlin a liar when the Nationalist member declared that Sir Edward Carson at one time had been a Home Ruler.

"It is an infamous lie," roared Sir Edward Carson, and when the speaker suggested a modification of his language, Sir Edward substituted for it "the statement is a wilful falsehood."

Shouts of protests and cheers in support of both members filled the chamber and it was some minutes before the speaker was able to make himself heard in an appeal for the avoidance of personalities.

Mr. Law's proposition that a referendum of the counties should be taken on the home rule bill and the local option proposal for Ulster was rejected by Premier Asquith, who said that he believed the government's proposal offered the only hope of a lasting settlement.

"If Mr. Asquith refused the course suggested," said Mr. Law, "it could only be because the government thought in the words of Winston Spencer Churchill that the question should be settled by bullets rather than by votes."

Mr. Law's speech concluded with the following words: "What about the army? If it is only a question of disorder, the army will and ought to obey, but if it is a question of civil war, the soldiers are citizens like the rest of the people. The army will be divided and that force be destroyed on which we depend for our national safety."

ARMY LEADERS OF THE "UNEMPLOYED" BEFORE COURT

(Associated Press Telegram) Sacramento, Cal., March 19.—While 175 unemployed men basked today in the sunshine at North Sacramento on an acre of ground purchased for them yesterday, the first of the jury trials of the leaders of the 1800 men who started to march to Washington was held. Edward Teeddale was arraigned for vagrancy. "General" Kelley will be tried tomorrow. Most of the men who started for Washington have been dispersed.

FOUND DEAD IN THE BATH ROOM

(Associated Press Telegram) Cleveland, March 19.—Harry Dunn, 52, was found dead early today in the bath room of his house in which he lived. A note found in Dunn's room said: "Sorrow and trouble brought me to this. No one is to blame."

The Courts

Return the Books. Attorneys who have books of the court, County Bar association or county law library, have been requested to return them to the county library immediately.

Granted Divorce. A decree of divorce was granted Jennie Cashdollar from Fred Cashdollar, by Probate Judge Hunter, Thursday morning, on grounds of gross neglect and cruelty. The defendant's whereabouts are unknown to the plaintiff. The Cashdollars were former Pataskala residents who removed to Newark to live.

Last fall juvenile court was called upon to intercede and in December the three children of the couple were taken from them by order of the court after thorough investigation.

SAME OLD PEACH CROP STORY. (Associated Press Telegram) Nashville, Tenn., March 19.—Snow began falling here early today and reports indicate a light fall all over a large portion of Tennessee and in some parts of Alabama. If cold weather continues for a day or two, it is feared the peach crop will be seriously damaged.

HAS TRUBREE'S CREW. (Associated Press Telegram) Kinsdale, Ireland, March 19.—The British steamer Nubian when she passed here today signalled that she had on board the crew of the American schooner Julia A. Trubree, which was abandoned on March 7 while on her voyage from Perth Amboy to Martinique. The Nubian is on her way from Galveston to Liverpool.

ENGLISH AVIATOR KILLED. (Associated Press Telegram) Salisbury, England, March 19.—Another officer of the Royal flying corps of the British army was killed today. Lieutenant H. F. Treby, of the Duke of Wellington's West Riding corps, was flying in a biplane over the army aviation grounds when the machine side-slipped and fell to earth from a height of 250 feet.

TAKE SODA IF FOOD SOURS IN ACID STOMACH

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals, sour like garbage in a can, forming acid fluids and gases which irritate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash, or nausea.

He tells us to get a package of 10 grain Sodagen tablets from any pharmacy and swallow one tablet anytime followed by a tumbler of water which instantly neutralizes these acids; stops food fermentation, absorbs the gases and sweetens the entire digestive system.

This suggestion should prove valuable to stomach sufferers here who can trace their indigestion to acidity. A local druggist is the authority that these tablets are entirely harmless being composed of Soda Magnesia and Calcium Carbonate U. S. P.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota. "I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound." — Mrs. P. W. LANSING, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THEN AND NOW

Sixteen years ago today the battleship Oregon began the most remarkable long-distance race against time in all naval history. On this date in 1898 it left San Francisco to join the warships in Atlantic waters. There was an effort to surround the Oregon's movements with secrecy, but everybody guessed her mission and bets were made on the success of the trip. Tension relaxed for a time after the Oregon appeared at Callao, Peru, her first stop, but it became the more acute as she steamed southward toward the Straits of Magellan where a Spanish torpedo boat lurked and tempestuous seas made the passing of the straits hazardous. After 23 days out of San Francisco the Oregon dashed into the Atlantic, and up the coast, evading the Spanish warships reported lying in wait for her. On the evening of May 24 she steamed in to Jupiter Bay, having covered the 14,000 miles in 67 days. The record trip made her commander, the now Rear Admiral Charles E. Clark (retired), a national hero.

Today the Oregon's trip may be safely recorded as the only one and the last of its kind. No other warship is likely to be called upon to make the circuit of South America. Before another war can come to pass, the gateway of the oceans will have been opened at Panama. Then a modern battleship steaming at the same rate as the Oregon, might make Jupiter Bay, Florida, from San Francisco in less than twenty days. She would not suffer for want of coal, as did the Oregon. She would need to refill her bunkers but once, and this while passing through the canal. During the 8 to 12 hours passage of the isthmus the engineers could repair or overhaul her machinery, and barnacles, the bane of high speed would be cleaned. Thus refreshed the battleship could dash across the Gulf of Mexico and into battleline well stocked with both fuel and ammunition.

LARGE CROWDS ARE ATTENDING THE MEETINGS

Another large crowd was present at the evangelistic meeting in the Central Church of Christ last evening. The singing was full of enthusiasm. Several persons were baptized at the beginning of the meeting. The sermon by Mr. Lowe was on the subject of "The New Birth." The discourse was not only theological, but intensely practical. Mr. Lowe closed with a strong appeal to his hearers to accept Christ, and so responded. The subject of the sermon for this evening at 7:30 o'clock will be "Conscience as a Guide." Mr. Sturges will sing a solo entitled, "Shadows." The pastor will be prepared to baptize any others who desire to come this evening. Mr. Lowe's subject for Friday evening will be, "Excuse Me." There will

be a mass meeting for men Sunday afternoon at 2 o'clock in the church auditorium, to be addressed by T. L. Lowe. At the same hour there will be a mass meeting for women in the prayer meeting room of the church, to be addressed by W. D. Ward. All of the men and all of the women of the city are cordially invited to these meetings.

JACKSONTOWN GRANGE.

Vocal Duette, "A little while more and Mrs. A. M. Arnold.
Reading, Mr. Vernon Prince.
Piano solo, Miss Helen Lowe.
Past Master, Mr. O. B. Young.

Federal Aid Promised Only on Condition That Pike Should Not Cost More Than \$16,000 Per Mile.

Commissioners of Licking county satisfied with the conclusions that have been reached regarding improvement of the national pike, declined an invitation extended last night to go to Columbus Thursday to protest against the adoption of concrete.

Muskingum county commissioners planned to go to Columbus Thursday to meet with Governor Cox and State Highway Commissioner Markler. Muskingum county seems to be "up in arms" and determined if possible to have the pike paved with brick.

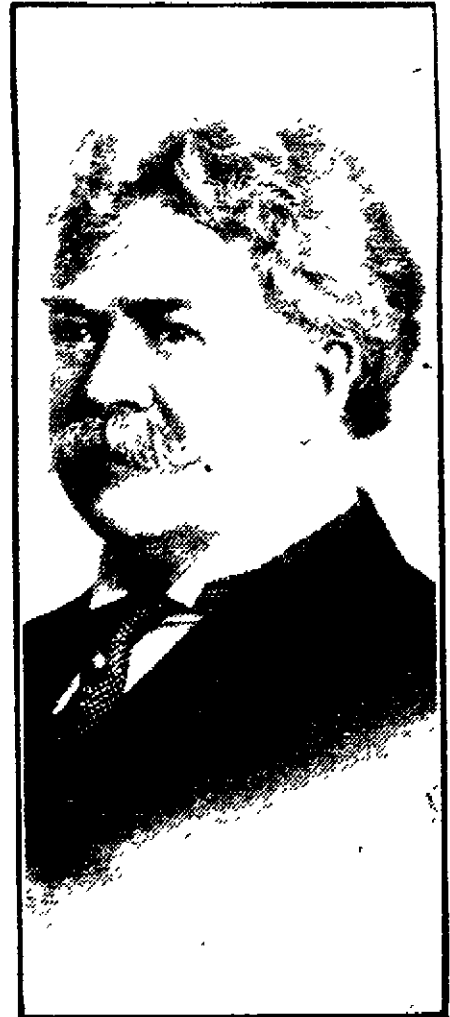

Despite the fact that this proposition was thoroughly thrashed out in Washington by Commissioner Markler in conference with government authorities, Muskingum county commissioners seem to think there still is hope of making the change.

Federal aid was promised only on condition that the pike should cost not more than \$16,000 per mile. The work could not begin to be done with brick for anywhere near that figure, it is argued, and even if the counties should see fit to donate the added cost there could be no hope of federal aid.

Licking county commissioners do not wish to have federal aid withdrawn entirely by registering lack of support on the proposition so long as it has been already decided, therefore they are content to allow the situation to rest as it is. Licking county did have objection to the specified fourteen-foot road, preferring a sixteen-foot way, but those higher up thought differently, and again Licking county recognized the apparent futility of further scrambling.

SUICIDE NOTE FOUND ON MAN HELD FOR DRUNK

A note found in the pocket of Joseph Alspaugh, claiming his home is in Mt. Vernon, indicates that Panhandle Detective Stoffer punched the young man just at the proper moment to prevent him from committing suicide. Whether the note was the result of a madman's dream on Alspaugh's part has not been determined but the fact that a new hammerless revolver and a box of cartridges were found in his pocket supports his own statement that he intended to end his troubles.

Alspaugh was arrested about 7:30 Wednesday night at the Pennsylvania station on a charge of being drunk. The charge of carrying concealed weapons was placed against him after he was searched.

The note found in his pocket said:

"To the Public of Mt. Vernon: 'Booze and people's tongues will send more than one guy to the grave. Whether I did what the people claim I did, I do not know. I must have been crazy. See that Betty doesn't marry a man that drinks. Regards to all.

(Signed) "J. ALSPAUGH."
"P. S. Bill or it out, there's nothing in it. I wrote this in a saloon at Newark, O."

In police court, Mayor Bigbee bound the young man over to common pleas court under bond in the sum of \$300 on the charge of carrying a revolver. The offense is now punishable by a term in the penitentiary.

According to information from Mt. Vernon, Alspaugh was at one time employed in the circulation department of a Mt. Vernon paper. He comes from a good family but has been drinking heavily for some time. He has a number of relatives living at Mt. Vernon.

SHOOTS BROTHER'S WIFE

tion of remarrying in case she got a decree of divorce, when she was intending to marry Perency as soon as possible.

According to statements of those who knew the three, Perency and his wife lived happily together.

The husband had gone to work before the shooting occurred and this fact saved him from being suspected of the shooting as the police first thought that the tragedy was the work of a jealous husband.

Perency's body was removed to the morgue of Bazler & Bradley, where Coroner Wiyalarch made an examination, before it was prepared for burial. He may be buried by the local Hungarian society though this has not been definitely determined.

Both the brothers were employed as laborers at the plant of the American Bottle Company. They were natives of Mohan, Hungary. They lived in Newark about three years.
